YESTERDAY'S PROGRAM
AND THE PLANS FOR
TO-DAY.

The Banquet To-Night, Then Off For
Atlanta.

Every train yesterday brought in newspaper men with their wives, daughters and sweethearts. Up to last night fully 150 had arrived and more will be here to-day. As fast as the delegations arrived they were taken in charge by the reception committees, escorted to their hotels and given the freedom of the city. The exercises during the day were informal, as the regular program began with the reception and ball at night and the business meeting will not be held until this morning at 9 o'clock. There was no way to secure a correct list of those arriving on the late trains, but the list here given will be found as nearly accurate as it is possible to make it in advance of the official enrollment. Those named arrived yesterday or are expected on to-day's trains.

THE BALL LAST NIGHT.

The press ball at Hotel Latham last night was one of the crowning events of the meeting, though a large majority of the editors did not arrive until the 10 o'clock trains. The reception at the hotel from 8 to 10 was in progress when the trains arrived and this continued some time after the ball began. The dancing was in the dining room and Ward's band made excellent music. The gay gathering was attended by the beauty and gallantry of the city and the dancing continued until a late hour. All of the editors who had arrived were present with the ladies accompanying them and the festivities were opened in a brilliant manner. At the early hour we went to press it was not possible to get a list of those who attended. This morning the crowd will be largely reinforced and a formal organization will be had at the opera house from 9 to 12:30. This will give those arriving on the noon trains a chance to report during the session and get their badges. After dinner the guests will be shown over the city in carriages and about 4:30 o'clock Dr. and Mrs. McCall will spread some delicious refreshments at Bethel Female College. These will be served by the forty or more pretty young ladies of the boarding department. At 8:30 this evening the banquet will begin at Hotel Latham. It will be served in the dining room and the large halls surrounding it on two sides. Seats have been arranged for 400 persons.

The lower floor will be devoted entirely to the feast. A ticket will be issued to each person entitled to one and these will be taken up at the steps. Those to whom tickets have already been issued should be sure and have them a hand. It is intended to begin the banquet promptly at 8:30 in order to get through by 12 o'clock or earlier. The special train for Atlanta will start at the very early hour of 5 o'clock and this will necessarily shorten the banquet hours. The supper will be served in ten courses and the following menu will give the guests an idea of what is in store for them:

Raw Oysters, Norfolk.
Consomme in Cups.
Red Snapper, Parsley.
Cream Potatoes.
Salted Almonds.
Roast Turkey, Cranberry Jelly, Celery.
Roman Fruit Punch.
Broiled Chicken.
Stuffed Peppers.
Beaten Biscuits.
Salmon Salad.
Vanilla Ice Cream.
Assorted Cakes.
Cheese Straws and Crackers.
Coffee.

After the last course there will be a number of toasts responded to by some of the brightest members of the press, on a variety of interesting sub-

jects. Nearly all of the crowd will take the Atlanta trip and a big time is expected by all hands. They will spend three whole days at the Exposition and return Sunday by any route they may prefer.

The visitors are all charmed with the city, on every hand you hear such expressions as "Why, Hopkinsville is a much larger place than I expected to see."

Editor Woolford, of the Cynthiana Times, is one of the new members. He is accompanied by his sister, one of the prettiest young ladies on hand.

Mrs. B. F. Briggs came in yesterday at noon as the advance guard of Mayfield's thirteen representatives. Mrs. Briggs denies that she came in advance to avoid being one of the party of thirteen. Mr. Briggs will get here to-day.

NOTES.

If any of the editors drink water—and it is probable some of them do—they can find in Hopkinsville more different kinds of water than any city in Kentucky can boast. The water used for drinking purposes is the purest and best of cistern water, but those preferring well water can be supplied with almost any kind, from wells varying from 10 to 200 feet in depth. We have the finest of mineral waters in the heart of the city. The salt sulphur water from the Davison well is equal to Blue Lick, and the chalybeate water from the Buckner well, within half a square of this office, is almost equal to the famous Dawson water, the best iron water in Kentucky.

Straungers will find the newspaper offices located as follows: Kentuckian, 212 South Main, east side, between Ninth and Tenth streets; Independent, south side Seventh street, east of Virginia; Republican Banner, corner Sixth and Virginia streets; New Era, south side of Seventh, west of Main.

The Kentucky editors, at the annual meeting in Hopkinsville next week will wear a badge, the colors of which will represent the political complexion of our state. It is a golden ribbon embossed with silver and containing the seal of the craft. There is no politics in the Kentucky Press Association and the idea was designed by the Secretary to represent the united brotherhood. — Elkton Progress.

The L. & N. train yesterday came in an hour late and the large delegation on board had an unpleasant delay at Guthrie.

An invoice of cool weather, ordered especially for the occasion, came in on time Sunday night.

Half a dozen of the advance guard arrived Sunday night.

Mr. C. B. Ryan, the well-known railroad man, and his friend Mr. Howard Saxby, of Cincinnati, who intended to be present, were prevented from attending by the death of a relative of Mr. Ryan.

Robt W. Leigh, of the American Type Founders Co., St. Louis, and M. M. Grove, of Barnhart Bros. & Spindler, Chicago, two popular type drummers, came in with the early arrivals.

Audy Casey and Will Scott have the youngest editors in tow, their five-months-old sons.

Craddock is one of the very few veterans of 1876 who is still on deck, looking but little older than he did seventeen years ago.

Bob Brown, the hustling managing editor of the Louisville Times, is as usual one of the most popular members on hand. His charming wife is with him.

Col. Sayres, of the Frankfort Capitol, who is frequently mistaken for Billy Breckinridge, is galloping with the gang.

There are several newly married couples on hand. Joel Priest and wife, of the Henderson Journal; W. P. Walton and wife, of the Stanford Journal; C. E. McCormick and wife, who married last night will be here to-day, and John Harris, of the Louisville Post, is counting the hours until he will be married on October 1.

Edi or Conley and wife, of Louisville, away up next to the Virginia line, started last Friday and came 450 miles to get here. He has enlisted for the campaign and will go with the gang to Atlanta.

John Westover and wife came in among the earliest arrivals, bringing the pictures of their sixteen-months-old twins.

TO LOCAL TICKET HOLDERS.

All of the local tickets to the banquet to-night were issued last Saturday. They are not transferable and will be taken up at the steps leading to the dining room. No exceptions will be made to this rule and those holding them will be unable to get into the dining room without the tickets issued in their own names. Every seat is taken and the committee has been compelled to adopt stringent rules in order to prevent confusion. Don't attempt to get in without a ticket or on another person's ticket.
